Bright Ideas class

Innovation and renovations

Plans are underway at Bright Kids Nursery to combine sustainable architecture and clean energy technology to create an even more healthy and high-quality learning environment for kids. We request all parents to kindly be patient with us and accept the temporary alterations. We have also recently acquired an innovative digital "magic carpet" to aid students with interactive learning.

Learning and activities

Theme: Around the World Summer Camp

Throughout the month of July this wonderful opportunity for additional learning and experiences has been ongoing. At summer camp, students have been moving out of their comfort zones, forming new friendships, and incorporating new ideas as they build, dance, create and more. Among the activities on offer, are Zumba, yoga, karate, gymnastics, kids FIFA, origami, "Little Chef" and introductions to ballet and pottery. It is a truly exciting time for the social development of the children who join in the fun.

Events to look forward to in the 2018-19 school year

1. Pirates and Princesses Day
2. Splash Day
3. Hawaiian Day
4. Pyjama Day
5. Crazy Hats
6. Fashion Day
7. Circus Day
8. Budding Scientists
9. Nature Day
10. Music & Movement
11. Magic Carpet
12. Summer Camp Cultural Activities
13. Color Day
14. The Bright Kids Nursery Culture

Do's and Don'ts

- Please keep your child at home if he/she is not feeling well or has a fever, as it is very hard for them to cope in an active environment when they need rest and medication.
- Kindly label all your child's belongings.
- Please continue to bring in wet wipes and towels with your children regularly as we use them constantly to keep your children clean.
- Please avoid packing chocolate, candy, chips, soda and nuts in your children's lunchbox. We are promoting healthy eating and want to ensure that students eat a balanced diet in order to feel good at all times.
- Kindly help us in promoting hand washing before and after each meal by also enforcing this at home.
- Please attempt to speak in English to your children, as it will allow them to express themselves better in a nursery setting, both now and later on in their development.
